4. Click "+ ADD" in the Channels section to begin the installation.
5. A window will appear in the centre of the screen. Choose "Groupon" from the list of available channels.
6. Provide the required information:
 - **Channel Name:** In the provided field, you can enter any name you desire. However, it is recommended to choose a name that has meaning to you, such as "Groupon", as it will serve as an apparent reference for the source of the order in the future.
 - **Supplier ID & Access Token:** Please enter the information obtained from the Groupon platform, as previously shown. It is essential to ensure that these fields are filled in correctly to access your account.
7. After filling out the fields, customize other options, then click "Save" in the bottom-right corner.
8. You'll be back in the recently installed channel. Activate it at the top of the screen using the "Is Active" button.
