OpenCart V2
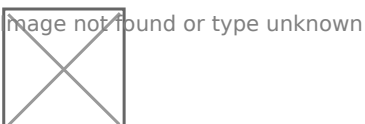

OpenCart V2 Setup Guide

Obtaining the API Key

Visit this page to acquire the credentials to set up your sales channel. Our page provides step-by-step guidance on obtaining these credentials, which are essential for the setup process.

Installing the OpenCart Sales Channel

To add the OpenCart V2 sales channel to your Channels account, kindly adhere to the following steps:

1. Access your account and go to the left side of the screen. Click the "Stores" button.
2. If you already have a store, click "View Store" on the right side of the screen to access it.
3. To edit an existing store, click the edit button on the right side. If you need to create a new store, click "+ ADD" above, name it, and use the edit button to make changes.
4. Click "+ ADD" in the Channels section to begin the installation.
5. A window will appear in the centre of the screen. Choose "OpenCart V2" from the available channels list.
6. Provide the required information:
   - **Name:** In the field provided, you can enter any name. However, it is recommended to choose a name that has meaning to you, such as "OpenCart V2," as it will serve as an apparent reference for the source of the order in the future.
   - **Domain URL:** This is where you should enter the name of your store, as it will appear in the URL, such as "https://opencart.com/."
   - **API Key:** Please input the credentials you previously acquired from the OpenCart V2 platform.
7. After filling out the fields, customize other options, then click "Save" in the bottom-right corner.
8. You'll be back in the recently installed channel. Activate it at the top of the screen using the "Is Active" button.

Congratulations! You've successfully set up your OpenCart V2 sales channel on Channels. You can now sell products on OpenCart V2 and manage orders from your Channels dashboard.
