OrderWise

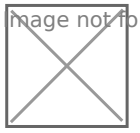

OrderWise Setup Guide

Installing the OrderWise Sales Channel

To add the OrderWise sales channel to your Channels account, kindly adhere to the following steps:

1. Access your account and go to the left side of the screen. Click the "Stores" button.
2. If you already have a store, click "View Store" on the right side of the screen to access it.
3. To edit an existing store, click the edit button on the right side. If you need to create a new store, click "+ ADD" above, name it, and use the edit button to make changes.
4. Click "+ ADD" in the Channels section to begin the installation.
5. A window will appear in the centre of the screen. Choose "OrderWise" from the available channels list.
6. Provide the required information:
   - **Channel Name:** In the field provided, you can enter any name. However, it is recommended that you choose a name that has meaning to you, such as "OrderWise ," as it will serve as an apparent reference for the source of the order in the future.
   - **Service URL:** This is where you should enter the name of your store, as it will appear in the URL. For example, if your store name is "ABC Company," you should enter "https://abccompany.orderwise.com/."
   - **Username and Password:** Please enter the information you use to log in to your OrderWise platform.
7. After filling out the fields, customize other options, then click "Save" in the bottom-right corner.
8. You'll be back in the recently installed channel. Activate it at the top of the screen using the "Is Active" button.

Congratulations! You've successfully set up your OrderWise sales channel on Channels. You can now sell products on OrderWise and manage orders from your Channels dashboard.
