Shopify Setup Guide

Installing the Shopify Sales Channel

To add the Shopify sales channel to your Channels account, kindly adhere to the following steps:

1. Access your account and go to the left side of the screen. Click the "Stores" button.
2. If you already have a store, click "View Store" on the right side of the screen to access it.
3. To edit an existing store, click the edit button on the right side. If you need to create a new store, click "+ ADD" above, name it, and use the edit button to make changes.
4. Click "+ ADD" in the Channels section to begin the installation.
5. A window will appear in the centre of the screen. Choose "Shopify" from the available channels list.
6. Provide the required information:
   - **Channel Name:** Enter any meaningful name, e.g., "Shopify."
   - **Hostname:** Use your Shopify platform's hostname from the URL, like "hostname.myshopify.com."
7. After filling out the fields, customize other options, then click "Save" in the bottom-right corner.
8. Click "Copy Connect Link" to copy a URL. Paste it in your browser's navigation bar to reach the Shopify connection page.
9. Follow the channel connection page instructions:
   - Click "Connect."
   - If logged in to Shopify, it connects automatically. If not, log in.
10. Once connected, return to channels by clicking "Continue."
11. You'll be back in the recently installed channel. Activate it at the top of the screen using the "Is Active" button.

Congratulations! You've successfully set up your Shopify sales channel on Channels. You can now sell products on Shopify and manage orders from your Channels dashboard.

Installing Shopify in Hosted Pages

When you install this sales channel via hosted pages, you will need to provide the same required information as above. Once you've saved this information, the channel will establish an automatic

connection to the platform on its own.

For a comprehensive guide on setting up your hosted page, please refer to our dedicated documentation page available **here**.
